

School / Skole

Our school assortment caters exclusively to the wants and needs of education.

Our products are assembled and chosen with respect to the needs of children and educators, and we offer many ways for them to express their creativity.

The papers are chosen both with specific care to the environment and the recipient. The wide assortment of colours has been selected to suit every imagination, and the combinations are widely decided by you. All grammages and colours are available singularly as well as in a specific combination.

As creativity requires many tools, we also offer a selection that suits the optimal use and presentation of the desired materials.

Vores skole sortiment er særligt udviklet til at imødekomme ethvert skole behov.

Vores produkter er samlet og valgt med den største respekt for børn og unges behov, samt som deres pædagoger. Vi ønsker at give de yngre generationer mange muligheder for at udtrykke deres kreativitet. Papiret er valgt med henblik på både miljø og modtager. Vores store udvalg af både farver og kvaliteter, er samlet til at give fantasien de bedste vilkår for at blomstre. Alle gramvægte og farver er tilgængelige i såvel enkelte farvepakker, som specifikt sammensatte pakninger.

Da optimal kreativ udfoldelse kræver det helt rigtige værktøj, kan vi også tilbyde et stort udvalg af sakse, blokke, skum og andet, som hjælper udfoldelsesmuligheder, såvel som præsentationen.
